

## Application form for 'Art/Design Application – 3 Folio Subjects'

Dear Parent/Guardian, your child has applied to complete three art/design subjects as a part of their VCE program.

Art/Design subjects at VCE can be overly time-consuming and hands-on due to the folio of work students are required to develop as part of the curriculum. They require students to have impeccable time-management skills to ensure their success.

At Lakeview we understand that many pathways require students submit a folio of their work to gain access to university and many students have a strong passion for subjects within the art and design field. If you think your child would be capable of completing three art/design subjects at VCE, please fill in the information below with you child and we will consider their request in conjunction with their current academic progress.
