Assessment within the VCE VM

- All assessments are school-based and assessed through a range of learning activities and tasks.
- Unlike scored VCE studies, there are no exams at Year 11 and 12.
- VCE VM studies do not receive a study score.

Victorian Curriculum and Assessment Authority

VCAA is an independent body responsible for the organisation and administration of the VCE, VCE VM & VET. This includes rules and regulations which students must abide by which are, in some instances, different from those of the DET (Prep to Year 10)

Authenticating Assessment

- One of the key differences to assessment in VCE VM is that it is ongoing.
- All tasks set in class are assessed and therefore contribute to the satisfactory completion of the course – This is different to the VCE scored program.
- Assessment must be completed in class. If absent, the work will be undertaken in a study support session under the supervision of a classroom teacher.

Satisfactory Completion

To be awarded the VCE VM qualification, students must successfully complete a learning program that contains a minimum of 16 credits and includes:

- Literacy
- Numeracy
- Work Related Skills
- Personal Development Skills
- Structured Workplace Learning
- VET

Students in VCE VM must successfully complete a VET in order to obtain a vocational major certificate.

Attendance

Students must maintain above 90% attendance in all subjects.

Where a student has completed classwork but there has been a substantial breach of the attendance policy a student may be awarded an N (not satisfactory).

The decision to award an N result due to a 'breach’is independent of a student's academic performance.

Structured Workplace Learning - SWL

Students are required to undertake work with an employer relevant to their VET elective. In order to receive the credit for SWL students must have 90hrs logged with their workplace and complete the UOC's related to their placement (units of competency)

Students will be regularly monitored and may be assessed on the job.

SWL must be organised in advance to secure a placement – All students must complete this.

Unlike work experience, SWL is an actual class and has assessments.

Vocational Education Training - VET

- VET allows students to work towards qualifications for all types of employment, and gain sector-specific skills to help them in the workplace.
- Undertaking VET while at school allows students to mix general and vocational education and to make a start on training for a career before they leave school.
- VET studies allow secondary students to gain practical skills in a specific industry while contributing towards the completion of the Victorian Certificate of Education (VCE), including the VCE Vocational Major.

VET – What's next

- VET courses will be confirmed this week
- Jo Maxwell will Compass post to parents and send teams messages to students about their course confirmation and the dates of their VET orientation, which will be held this year in November
- Orientation is compulsory for all students to attend. If this conflicts with any of their Year 10 exams, we ask that students attend VET orientation and exams will be rescheduled by the Year 10 Coordination team
